Clinical Medical Assistant

Program Summary: As a Clinical Medical Assistant the student will be trained to help the physician carry out procedures, care for patients, perform basic lab tests and administer medications. The Clinical Medical Assistant works in a physician's office or a clinic setting. This course consists of 141 hours of accelerated classroom training with emphasis on skills mastery through hands on practice and supervision.

Starting Pay: U.S. Department of Labor national average: $10 – 16 per hour. According to the U.S. Department of Labor employment of medical assistants is expected to increase more than 35% through the year 2016.

State Requirements: Upon successful completion of this course, student will receive a certificate of completion meeting the necessary requirements to work as a Clinical Medical Assistant.

Schedule: Classes are held in the evenings or Saturdays and are taught at an accelerated pace.

Student Pre-requisites: At the time of registration, students must be 18 years of age. Completion of high school or GED equivalent. Students will be required to show proof of completion of CPR for the Healthcare Provider course. Proof of current immunizations including tetanus, diphtheria toxoids (Td) (every 10 years), Rubella, Measles, Mumps (all students born on or after 1-1-57 must show proof of two doses of measles vaccine administered on or after their first birthday and at least 30 days apart; one dose of mumps vaccine after the first birthday; or immunity to measles and mumps). Hepatitis B immunization, which takes approximately four to six months to complete. Positive Rubella and/or Hepatitis titers will be accepted. INFLUENZA (annual), VARICELLA (chicken pox), PPD or Chest X-ray or MD note. Two references (relatives may not be used): A state criminal background check: (https://records.txdps.state.tx.us/DpsWebsite/Signup/PublicSite/CriminalHistory/Index.aspx?CreateNewUser=False)
