114.	First Term Coll XIF.ST.STU.FIRST.CTC.TERM	If the student started his college career at CTC, this is the term he began. It will be blank if the student took transfer courses prior to enrolling at CTC. Note: For students who are not identified as a Dual Credit Student (STUDENTS; STU.SPECIAL.SERVICES = 'DC'), loop thru the STUDENT.ACAD.CRED records searching for those with an Academic Level of 'CR' (credit) with a credit type of 'ICC', 'IMC', 'GED', or 'TRC'. Of these classes, make sure the student was actually still enrolled as of the census date (for older terms with no census date, make sure he had a grade posted). Of these, determine the earliest start date of the transfer classes, and the earliest start date of those classes taken at CTC. Compare the two dates. If the earliest transfer date is before the student's enrollment here at CTC, then this field represents the term when he transferred into CTC. If the section census date is not equal to the census date on the term record, then this class is considered 'flex'.	n/a	Derived based on TERMS and COURSE.SECTIONS	TERM.CENSUS.DATES, first value SEC.OVR.CENSUS.DATES, first value		Flex [Null]
