

# What's YOUR Path?

## Top Paying Jobs

- 1 Dentist, General
- 2 Family and General Practitioner
- 3 Physician Assistant
- 4 Medical and Health Services Manager
- 5 Physical Therapist

Although everyone thinks of doctors and nurses when they contemplate careers in health care, there are hundreds of other specialties available in the Health Science cluster, including technicians, skilled support personnel, dentists and scientists. As the baby boomer generation ages, demand for health services grows, meaning job security is strong. If you feel a calling to care for others, won't faint at the sight of blood, or want to pursue a profession on the cutting edge of technology, then Health Science may be the right career cluster for you.
