CREATIVE ARTS

Watercolor
Have fun painting in watercolor! Your painting background does not matter, and the only prerequisite is a willingness to be open and experiment. Class will cover color theory, techniques and perspective. Subject matter will include clouds, trees and basic landscapes. Plan to bring art supplies to the first class (supply list available upon request). Joe Friddle is a retired high school teacher and professional artist whose works hang in many parts of Texas, the United States and internationally. (6 meetings)

Oct 5-Nov 9	MON	6:30-9 pm	Cost/$37

Wire Sculpture **NEW!**
Learn wire art basics and apply that to creating an original piece of art. Class will focus on safety, tools, cutting, shaping and twisting techniques. Emphasis will be placed on visualization, individual creativity, experimentation and self-expression. Wear comfortable clothing. Bring protective eyewear and gloves. A supply list will be provided. Cost of materials will vary depending on the project. Fred Chavez has been sculpting with metal wire for nine years and has sold some of his work. (2 meeting)

Nov 14-21	SAT	9 am-noon	Cost/$27
