TEXT: Central Texas college edition, *Thinking mathematically* taken from: *Thinking mathematically*, fourth edition by Robert Blitzer.

GRADING: You may earn 600 points in this course: 90 points for attending the class, midterm exam, 100 points, 200 points on the comprehensive final exam, 120 points on the homework, 90 points on class work. **Not doing homework or lack of attendance during recitation will lower your final letter grade.**

Grading Scale:

90 – 100%	A
80 – 89%	B
70 – 79%	C
60 – 69%	D
0 – 59%	F

EXAM DATES: Wed. June 30, 2010: Midterm Exam, 6:00 -7:15 pm.

Wed. July 21, 2010: Final Exam, 5:15 -7:15 pm.

Missed Examinations: *If you miss or expect to miss any exam for a legitimate reason (for example, a serious illness), then notify the instructor as early as possible prior to the examination.*

STUDY ADVICE: Students are expected to attend all classes. Missing class can seriously affect your course grade. It is essential that you attempt the homework problems **before** going to recitation. **Solve lots of problems**, this the best way to solidify your understanding of mathematics and to prepare for exams. If you find you can't do something **ask for help**. All the exam problems will be based on lecture examples and the homework, so it is important that you attend the lectures and take good notes. Do all of the homework and do not throw away the returned homework! Your old homework and lecture notes will help you prepare for exams.
