Graduation is one of the most important milestones in our lives!

Academic achievement is an honor and a privilege.

All graduates have worked with dedication and strength of character,  
facing many challenges, and overcoming many obstacles.

Therefore, with great pride, we want to introduce one of our graduates.

Congratulations!

**Mr. Michael F. Quigley**

**Associate of Arts  
in General Studies**

Mr. Michael Quigley is a Sergeant in the U.S. Army; he has been a light wheel mechanic for eight years. He is from Stafford, Virginia. Since 2010, he has been married to the most amazing woman and mother, Christina Liz; that's truly when he really started to live. He has a three year old son Nathan Liam, his little firecracker; every day Nathan is his motivation to be a better father and role model.

Together, they made Mr. Quigley the man you see today. He owes them everything, from keeping him dedicated to school and his service, to the constant love and support he gets when he is down. Today is about what THEY accomplished, not just himself. He is here today because of the choices they made as a family.

Mr. Quigley plans on continuing his education to achieve his Bachelor's Degree in Agriculture Science. His overall goal is to do what it takes to take care of his family and live a happy life. The key to that is hard work and education, which he plans on continuing in the future.

#### About CTC

"My CTC experience has been great. I was skeptical about fully committing to school, but the push from family and my student advisor made the transition very easy. I owe a lot of my success to Mrs. Manuela Moortel. She stayed next to me in every way of the school process going out of her way to meet my needs. Mrs. Moortel was a major part of how fast I accomplished my degree, always working school around my demanding military career. Thank you Mrs. Moortel for all you have done!" - Mr. Michael F. Quigley
