Graduation is one of the most important milestones in our lives!

Academic achievement is an honor and a privilege.

All graduates have worked with dedication and strength of character,
facing many challenges, and overcoming many obstacles.

Therefore, with great pride, we want to introduce one of our graduates.

Congratulations!

Ms. Samantha N. Rodríguez-Vazquez

Associate of Applied Science

in Homeland Security and Emergency Management

Ms. Rodríguez was born in El Paso, Texas to dual military parents. Her family was stationed mostly in Texas (Fort Hood and Fort Sam) so Texas is where she calls home. In 2004, she married a Soldier, David Rodríguez.

They have been married 13 years and have three children: Isaiah (14), David (11), and Elise (5).

Ms. Rodríguez enjoys volunteering within the community. Her volunteer experience has been with the Family Readiness Group, Red Cross, chapels and at schools her children attend. Her husband's military journey has currently led them to Germany and they are enjoying it!

As a Texan at heart, she looks forward to working in disaster prevention with the emergency management community in the state of Texas. She would love to focus on ensuring that schools maintain a safe and secure learning environment for their students and faculty.

"My experience with Central Texas College has been a good one. Most of my classes have been online through CTC's Blackboard. This has been great considering the lifestyle I live as a military spouse and the volunteering I like to do. The instructors at CTC have been wonderful." - Ms. Samantha Rodríguez
