I. GENERAL

This activity provides intra-campus mail services and furnishes the service required for the delivery of all outbound mailing through the U.S. Postal Services (USPS). Personal mail service is limited to students living in the dormitory. Staff and faculty personnel of the District are cautioned that outgoing personal mail will not be processed and incoming mail will be returned to sender.

Mail is delivered in accordance with the schedule at Policy No. 410, Distribution Services Procedures.

Mail that contains cash will have the amount enclosed written on the envelope along with the date it was received and the name of the person who opened the mail.

Enter postage due in the Postage Due Log and at the end of each month rectify the log total with the KPO. When the account gets under $100, initiate a purchases request for $1,000 payable to the USPS to replenish the account. This account is only to be used for official mail. All other postage due will be collected from the individual and placed in the petty cash fund.

D. **Determining postage:** Read the USPS chart for the rate. All outgoing letters mailed from offices within the District will be sent first class unless otherwise instructed. Additional postage for certified, registered and insured mail must be included on the letter or package. Extra charges for return receipts are made as indicated on the USPS chart.
E. **Determining the mail zone:** Note the ZIP code to which the article is being sent. If the ZIP code is not on the letter, look it up in the code book or on the Internet at [www.usps.com](http://www.usps.com). Individuals will sometime ask to use this book, but it must never leave the mail room. The first three digits of the ZIP code are included on the chart. APO and FPO mail charges are determined by the US rate to the city of dispatch from the United States (New York, Miami, and San Francisco).

F. **Forwarding mail:** If mail is obviously miss sent to the District, circle the street or city and put the envelope in the outgoing Killeen mail.

1. If an addressee is not on any of the faculty, payroll, dorm student, or miscellaneous mail room listings, check the forwarding mail files. If there is a card for the addressee, line through the address to the District (not the name) and initial it. Below or beside the lined through address, stamp PLEASE FORWARD and the new address. If the individual is not in the forwarding file, line through the address, initial CTC and stamp the envelope with a stamp which reads LEFT NO FORWARDING ADDRESS or ADDRESSEE UNKNOWN, RETURN TO SENDER. Be certain that you have lined through the District address or the mail will be returned. If done correctly, the envelope will be returned to the sender.

2. Remind departing personnel to fill out change of address cards. Date them and after one year remove them from the file.

3. At the close of each semester, remind dormitory resident assistants to have departing students fill out a change of address card.
