Computer Science/Microcomputer Technology Selection	3-4
Physical Education	2
MOS, Rating, or Job Specialty Code	44-47
Total	64 (minimum)

The residency requirement for Central Texas College is one fourth of the degree requirement (in this case 16 semester credit hours); therefore, you must take approximately 6 classes with CTC. In addition to taking additional classes with CTC, other credits can be satisfied through special testing evaluations (CLEP, DANTES, and Regent's), through official evaluation of military training, and by official transfer of approved course credit from other institutions.

**Unofficial** evaluation of military service by site representative can be listed below.
