

## International Baccalaureate Diploma (IBD) Examinations with CTC Credit Recommendations

The International Baccalaureate Diploma is an international program of courses and exams offered at the high school level. Based on SB 111 passed in 2005, if an incoming freshman has earned an IB Diploma, Texas public colleges and universities are required to award at least 24 semester credit hours in course-specific college credit in appropriate subject areas on exams with scores of 4 or above. Course credit does not have to be awarded on any IB exams where the score received is a 3 or less. This may mean that the student will not receive 24 hours of college credit, even if he/she has an IB Diploma. Official transcripts must be sent directly to CTC. The request for evaluation and official transcript must be received within 7 years from the test date.
