

# Homeland Security & Emergency Management

Homeland Security & Emergency Management program is designed for individuals interested in entering the field with high-demand career opportunities in the FBI, FEMA, TSA, U.S. Customs and Border Protection, or the U.S. Secret Service.

People who work in homeland security anticipate, prepare for, prevent and react to everything from pandemics and hurricanes to terrorism.

These professionals help to reduce our nation's vulnerabilities and to minimize the damage from catastrophic events.

CTC degrees will prepare students for decision making, problem solving, and skills to plan, implement, and coordinate resources necessary for preparedness, mitigation, response, and recovery from disasters.
