		↑ Advisors!!! Be sure to address prerequisites. ↑	

NOTE: These are NOT reciprocal

AAS Core requirements

All core courses as listed on degree plans are **required**.
 Transfer students can substitute existing core transfer credit for degree core requirements if the transfer courses are in the same category as the required course(s). All other exceptions are considered case-by-case.

- Academic advisors may use this document as authorization from the Computer Information Technology & Systems Department to approve substitutions for the courses as listed above without further contact.
- This authorization does not include waivers for courses that are over the three year limit. These must be approved by the department chair.
- Students holding **current** Industry certifications can request a review for evaluated credit. Contact the Evaluations department for assistance with these requests. evaluation.info@ctcd.edu OR 1-800-792-3348, ext. 1317.

Contact the CITS Department for additional guidance as needed regarding this crosswalk.

NOTE: The student's current degree plan and transcript MUST be provided when consulting the department for guidance.

Computer Information Technology & Systems Department
 254-526-1164 OR 1-800-223-4760 (x1164)
cscience@ctcd.edu OR ksavage@ctcd.edu

NOTE: The student's current degree plan and transcript MUST be provided when consulting the department for guidance.

* These substitutions may require an additional one credit hour of your choosing to meet the hours requirement of the degree. For clarification, contact the graduation department.

⁺ If the alternate course is already on the degree plan, please contact the department.
