GUIDE TO ENROLLMENT
FOR NEW STUDENTS

Summer Registration Opens April 11
Summer 1 Classes Start May 31
Summer 2 Classes Start July 5
**Where Can We Take You?**

*Deciding what to study in college may be one of the most important decisions you will ever make! You will select a type of program based on your goals:*

**Associate of Arts and Associate of Science degree programs** are designed to allow for the transfer of credits earned at Central Texas College to the bachelor degree requirements at most four-year public colleges and universities. Completion of the 42 semester hours of core curriculum in each degree guarantees transferability of the minimum 42 semester credit hours of state-mandated core curricula toward the general education requirements of a bachelor’s degree program at state supported colleges and universities in Texas.

**Associate of Arts in Interdisciplinary Studies** includes 42 semester credit hours of state-mandated core curricula toward the general education requirements of a bachelor’s degree plus 18 semester hours required for the completion of the degree program. Upon completion of 30 semester hours of college credit (15 or more semester hours for dual credit courses), the student must file a degree plan which emphasizes the student’s transition to a particular four-year college or university and prepares for the student’s intended field of study or major at the four-year college or university.

**Associate of Applied Science degrees** are designed to prepare students for employment. Within many of the associate of applied science degrees, there are certificates of completion that can be finished in less than two years. Many of the fastest growing careers in the state of Texas require these certificates and degrees.

**Non-Credit and Continuing Education programs**, usually offered through the CTC Continuing Education Department offer short-term, career-skills training to prepare you for a job or refine your skills for the job you have. Popular programs include clinical medical assistant, truck driving and our police academy.

**Auditing Available!** Enrich your knowledge without testing and other graded course requirements. Subject to instructor approval and space availability. Admissions application and tuition payment required. No academic credit is available for audited classes.

**Our schedules fit yours**

CTC offers a variety of options for students with busy lives, including:

Late Registration, Schedule Changes (Drop/Add and Withdrawal Dates)

Note: Late Registration allowed if only one class meeting missed.
Note: Difference between a “drop” and “withdrawal”? When a student “drops” a course, the course is removed from the student’s class schedule and does not appear on the student’s academic record and transcript. The last day to drop a course is the course census date. When a student “withdraws” from a course, the course remains on the student’s academic record and transcript. A withdrawal occurs after the end of the drop period (census date) and up to about 75 percent course completion.

After the Eagle Self-Service drop date passes, students may complete the Schedule Change Request eForm and submit the eForm to Central Records-Reg. Or, students may fax a request to drop a distance education course to the Central Campus Records and Registration office at (254) 526-1961 or email the drop request to central.registration@ctcd.edu. My Progress Report for Students – Degree Planning
Students may view their degree plan, explore other programs, and register for courses required on their degree plan through Eagle Self-Service’s “Student Planning.” Log into Eagle Self-Service and then go to Student Planning click “Go to My Progress.” The My Progress is your automated degree plan that lists all courses required for your degree or certificate, classes you have completed and all courses still needed. The course requirements listed on your automated degree plan are based on the catalog year that is listed for you in the college’s student information system. Contact your advisor if you wish to update this information. Academic advising is a shared responsibility between the student and academic advisor. You and your advisor will use your automated degree plan to discuss your goals and track your academic progress. Do you want to know how close you might be to completing another program of study? Use the “View a New Program” tool in My Progress. This will not change your program of study.

These courses are not eligible for state funding, and as such, are not eligible for any tuition exemption or waivers. Tuition bills are not mailed. Payments are due at the time of registration. Students who register for classes during late registration will not be eligible to receive a 100% refund on the dropped classes.

### Important Information for Students who Drop or Withdraw from Courses

Under Section 51.907 of the Texas Education Code, “an institution of higher education may not permit a student to drop more than six courses, including any course a transfer student has dropped at another institution of higher education.” This statute was enacted by the State of Texas in spring 2007 and applies to students who enroll in a public institution of higher education as first-time freshmen in fall 2007 or later. Any course that a student drops is counted toward the six-course limit if

1. the student was able to drop the course without receiving a grade or incurring an academic penalty;
2. the student’s transcript indicates or will indicate that the student was enrolled in the course; and
3. the student is not dropping the course in order to withdraw from the institution.
**Security Services**

**Safety and security:** Central Texas College police officers serve and protect our college and are fully-licensed and commissioned by the State of Texas. Crime prevention programs stress campus community awareness through the dissemination of materials and presentations to familiarize students, faculty, and staff of their individual responsibility to help reduce criminal activities.

The following crime prevention programs are available on central campus:

- **CRASE (Civilian Response to Active Shooter Events) Course:** The course uses the Avoid, Deny, Defend (ADD) strategy, a proven plan for surviving an active shooter event. The CRASE course includes the history and prevalence of active shooter events, civilian (student, staff, and faculty) response options, medical issues, and considerations when conducting drills.
- **Operation Identification:** To discourage theft on campus, under this program, personal property items are engraved with the owner’s personal identification number.
- **Campus Escorts:** Courtesy escorts are provided to anyone desiring the need for additional safety when walking to or from their class or vehicle.
- **Vehicle Assistance:** The campus police will assist you with your stranded vehicle by providing a courtesy jump start or unlocking it if you accidentally lock your keys inside. Campus police also carry compressed air in case you have a flat tire while on campus.
- **Child Identification:** Complimentary fingerprinting of your child and providing an identification kit in case your child is missing, has run away, or is kidnapped.

**Parking:** There is no fee for student parking, but students and employees are required to obtain a parking permit.

**Emergency Alerts:** When an emergency occurs on or within close proximity of campus, our Emergency Alert system will send e-mail, text messages and voice messages to students and employees in as little as 90 seconds. Students are automatically opted in based on the information provided on their initial enrollment application; but should log in to Eagle Self-Service occasionally to change or add telephone numbers to ensure they receive these alerts. In addition, interior and exterior audible building alert messages may be utilized in the event of an emergency.

For more information on how to stay safe on campus, see our website at [www.ctcd.edu/locations/central-campus/campus-safety-wellness](http://www.ctcd.edu/locations/central-campus/campus-safety-wellness).
Staying on Track

How to determine your grade point average (GPA)

Multiply the number of grade points for each grade by the number of credit hours for the course. Add the totals. Divide the total grade points by the number of hours attempted. Grades of IP, W, N or P and grades in developmental courses (A, B, C) are not included in the grade point averaging.
