

CENTRAL
TEXAS
COLLEGE

SPRING 2022

GUIDE TO ENROLLMENT FOR NEW STUDENTS

Spring Registration Opens October 18
Spring 1 Classes Start January 18
Spring 2 Classes Start March 21

Where Can We Take You?

Deciding what to study in college may be one of the most important decisions you will ever make! You will select a type of program based on your goals:

Associate of Arts and Associate of Science degree programs are designed to allow for the transfer of credits earned at Central Texas College to the bachelor degree requirements at most four-year public colleges and universities. Completion of the 42 semester hours of core curriculum in each degree guarantees transferability of the minimum 42 semester credit hours of state-mandated core curricula toward the general education requirements of a bachelor's degree program at state supported colleges and universities in Texas.

Associate of Arts in Interdisciplinary Studies includes 42 semester credit hours of state-mandated core curricula toward the general education requirements of a bachelor's degree plus 18 semester hours required for the completion of the degree program. Upon completion of 30 semester hours of college credit (15 or more semester hours for dual credit courses), the student must file a degree plan which emphasizes the student's transition to a particular four-year college or university and prepares for the student's intended field of study or major at the four-year college or university.

Associate of Applied Science degrees are designed to prepare students for employment. Within many of the associate of applied science degrees, there are certificates of completion that can be finished in less than two years. Many of the fastest growing careers in the state of Texas require these certificates and degrees.

Non-Credit and Continuing Education programs, usually offered through the CTC Continuing Education Department offer short-term, career-skills training to prepare you for a job or refine your skills for the job you have. Popular programs include clinical medical assistant, truck driving and our police academy.

Auditing Available! Enrich your knowledge without testing and other graded course requirements. Subject to instructor approval and space availability. Admissions application and tuition payment required. No academic credit is available for audited classes.

Our schedules fit yours

Late Registration, Schedule Changes (Drop/Adds) and Withdrawal Dates

Note: Late Registration allowed if only one class meeting missed.

Note: Difference between a “drop” and “withdrawal”? When a student “drops” a course, the course is removed from the student’s class schedule and does not appear on a student’s academic record and transcript. The last day to drop a course is the course census date. When a student “withdraws” from a course, the course remains on the student’s academic record and transcript. A withdrawal occurs after the end of the drop period (census date) and up to about 75 percent course completion.

- The transaction must be completed prior to the census date of the dropped hours.
- The start date of the added hours must be prior to the census date of the dropped hours.
- The exchange must be an equal one.
- The exchange must occur simultaneously as a single transaction.

Important Information for Students who Drop or Withdraw from Courses

Under Section 51.907 of the Texas Education Code, "an institution of higher education may not permit a student to drop more than six courses, including any course a transfer student has dropped at another institution of higher education." This statute was enacted by the State of Texas in spring 2007 and applies to students who enroll in a public institution of higher education as first-time freshmen in fall 2007 or later. Any course that a student drops is counted toward the six-course limit if

- (1) the student was able to drop the course without receiving a grade or incurring an academic penalty;
- (2) the student's transcript indicates or will indicate that the student was enrolled in the course; and
- (3) the student is not dropping the course in order to withdraw from the institution.

Installment Payment Plan

CTC now accepts installment payments from Texas-based students for fall, spring, and summer classes 10+ weeks in length.

- One half of tuition and fees plus the installment plan fee must be paid at the time of registration and before the start of the semester.
- A promissory note must be executed for the remaining balance to be paid with equal payments on due dates established for the semester and class length.
- For classes 15-16 weeks in length, due dates are as follows:
 - Fall semester: October 5 and November 5
 - Spring semester: March 5 and April 5

- All financial aid and third-party assistance will be applied to the amount due before the multiple payment plan is offered.
- A nonrefundable fee of \$20 will be assessed with each payment plan.
- A late fee of \$25 will be assessed on any payment not made before close of business on the due date.
- Finance charges of 18 percent annually will be assessed on any account balance remaining after the final payment due date.
- A student who fails to make full payment of tuition and fees including any incidental fees by the due date may be prohibited from registering for classes until full payment is made. A student who fails to make payment before the end of the semester will be denied credit for the work done that semester until full payment is made.
- In the event of default on the installment plan, CTC has the right to employ a collection agency and/or any other legal means to collect this debt. The student will be required to reimburse CTC the fees of any collection agency which may be based upon a percentage at a maximum of 33% of the debt plus all costs and expenses, including reasonable attorney's fees that CTC may incur in such collection efforts.
- The installment plan is not available to a student who registers during late registration.

Security Services

Safety and security: Central Texas College police officers serve and protect our college and are fully-licensed and commissioned by the State of Texas. Crime prevention programs stress campus community awareness through the dissemination of materials and presentations to familiarize students, faculty, and staff of their individual responsibility to help reduce criminal activities.

The following crime prevention programs are available on central campus:

- *CRASE (Civilian Response to Active Shooter Events) Course:* The course uses the Avoid, Deny, Defend (ADD) strategy, a proven plan for surviving an active shooter event. The CRASE course includes the history and prevalence of active shooter events, civilian (student, staff, and faculty) response options, medical issues, and considerations when conducting drills.
- *Operation Identification:* To discourage theft on campus, under this program, personal property items are engraved with the owner's personal identification number.
- *Campus Escorts:* Courtesy escorts are provided to anyone desiring the need for additional safety when walking to or from their class or vehicle.
- *Vehicle Assistance:* The campus police will assist you with your stranded vehicle by providing a courtesy jump start or unlocking it if you accidentally lock your keys inside. Campus police also carry compressed air in case you have a flat tire while on campus.
- *Child Identification:* Complimentary fingerprinting of your child and providing an identification kit in case your child is missing, has run away, or is kidnapped.

Parking: There is no fee for student parking, but students and employees are required to obtain a parking permit.

Emergency Alerts: When an emergency occurs on or within close proximity of campus, our Emergency Alert system will send e-mail, text messages and voice messages to students and employees in as little as 90 seconds. Students are automatically opted in based on the information provided on their initial enrollment application; but should log in to Eagle Self-Service occasionally to change or add telephone numbers to ensure they receive these alerts. In addition, interior and exterior audible building alert messages may be utilized in the event of an emergency.

For more information on how to stay safe on campus, see our website at www.ctcd.edu/locations/central-campus/campus-safety-wellness.

Staying on Track

How to determine your grade point average (GPA)

Multiply the number of grade points for each grade by the number of credit hours for the course. Add the totals. Divide the total grade points by the number of hours attempted. Grades of IP, W, N or P and grades in developmental courses (A, B, C) are not included in the grade point averaging.

Course	Grade	Grade Points	Credit Hours	Calculation
BUSI 1301	A	4	3	$4 \times 3 = 12$
ENGL 1301	B	3	3	$3 \times 3 = 9$
ITSC 1409	C	2	4	$2 \times 4 = 8$
CJLE 1211	D	1	2	$1 \times 2 = 2$
			12 crs.	31 gp.
			$31/12 = 2.583$ GPA	

The grading system at Central Texas College is as follows:

Grades	Grade	Points
A	Superior	4
B	Above Average	3
C	Average	2
D	Passing, but Unsatisfactory	1
F	Failure	0
IP	Incomplete, in progress (except developmental)	Not Computed
N	No Credit	Not Computed
P	Completed	Not Computed
W	Withdrawal	Not Computed

Having Trouble with Classes?

Discuss your issue with your instructor. Instructors have office hours available for students to go over course requirements, estimated grades, ideas for boosting your grade and steps to get on track.

Use Academic Studio. CTC offers free tutoring and assistance upstairs in the Student Center (Bldg. 220). Services include tutoring, peer mentoring, workshops, academic clinics, study groups, academic and success advising, information, support resources and more.

Discuss the issue with Academic Advising. We can meet to discuss your options and help you plan the best course of action. Go to www.ctcd.edu/advisorappointments to schedule an appointment.

Know the drop/withdrawal dates. Our drop/withdrawal dates are posted each semester, along with a refund schedule. Before dropping or withdrawing, always discuss your decision with your funding source (Financial Aid, VA, MyCAA, etc.).
