

Student Survey

Your Opinion is Important to Us!

Dear Students,

You are invited to participate in a survey that is part of our ongoing effort to improve your educational experience. Please feel free to evaluate every aspect of your education, bring up your concerns, and provide suggestions for improvement. This survey will help you to shape the change you want to see. The survey is confidential; it will be delivered via the online application that ensures the full anonymity of your responses. Completing this survey will take about 10-15 minutes; written comments are optional, but we would greatly appreciate seeing your perspective. We want to learn about your needs, help you develop meaningful educational and career goals, lead you on the path of success, and offer solutions in hard times.

We understand that our students come from diverse backgrounds and have different needs. Our experts are there for you, whether you need assistance with your academic workload, career counseling, workshops, or you seek a home far away from home and trusted confidant. You always have someone to go to in case of need, whatever that need might be. Please let us know if you were able to receive the support and care you needed when you needed it. You deserve to have a good relationship with professional, ethical, caring, encouraging, and supportive faculty, and if that is not the case, please let us know!

Your education should support your academic objectives and long-term career goals. We want to help you to develop problem-solving and decision-making skills needed in your future personal and professional life. Please let us know about the quality, usefulness, accessibility, and affordability of your learning resources. Do you have enough flexibility and convenience in planning and choosing your courses? We want to know about the most significant achievements you are proud of, the experiences with the power to shape your personal and academic success.

Please describe your overall satisfaction, highlight possible problems, and suggest opportunities for improvement. We need your anonymous feedback to reach a better understanding of your experience and pursue these improvements. This survey will create the environment of your empowerment by encouraging you, as a student, to have an active role in your education process.

Please send the completed survey to centraltexascollege@europe.ctcd.edu.

We highly appreciate your participation in this survey!
