Enrollments across the program have increased significantly.

For Fall 2024, ADN's second-semester enrollment will be 40 students.

Enrollments appear to be doubling. Thank you for assisting with recruiting adjunct faculty as our enrollments increase. Adjunct clinical faculty earn \$30.00 an hour and can work up to 19.5 per week.

D. Moon: Student Nurse Faculty Coordinator Report:

The SNA has been actively participating in numerous charity and volunteer events. Students have been active in the State of Texas SNA (TSNA) and National Students Nurse Association (NSNA) activities.

K. Simmons: Clinical Coordinator Report:

1. Thank you

Thank you to all facilities who continue to support our students and programs.

We have 98 nursing students in clinical this semester.

I am happy to be sending more students to Advent Health this semester and planning for more of the same in the fall semester.

For the 2nd semester in a row, our 4th semester students are participating in immersion experiences at Baylor Scott & White. This valuable experience will help introduce and prepare our students for the roles they will step into in just a few short weeks.

2. COVID

Some facilities continue to require vaccination or approved exemption.

There are a few exemption requests (4 in the ADN program now).

Long-term care, Baylor Scott & White, Seton Harker Heights, and Temple VA are fit-testing students and faculty as needed for N95 masks.

3. Affiliation agreements

New since last year's advisory:

None

Renewals:

Cedar Crest February 2024

Coryell Health January 202

R. Black: Community Member Report:

Academic funding has increased. Applications for the Fall 2024 semester will be available July 1, 2024.
