We Can Help!

BYWAYS JOURNAL OF ARTS AND LETTERS:
The library is currently accepting submissions of original student art and written works until February 24, 2021. Students can submit photographs of their artworks in JPEG file format and writing submissions in either rich text format or Word documents (DOC). All submitted items should include the student’s full name, title of the work, art medium, email address, phone number and physical mailing address.

For more information about BYWAYS and submission requirements, contact: Byways@ctcd.edu

Library Services

During this period of pandemic, all services normally provided in-person are still available to the CTC community through the library’s web page http://www.ctcd.edu/academics/library.

Here are some useful links that will help to keep you connected to the library’s online sources: To request seminars for your classes; Open Educational Resources; Learn about getting a TexShare Card; Request materials through Interlibrary Loan.

Faculty are still able to make recommendations for purchase of new materials and subscriptions for the library’s collection.

There are several services that faculty may wish to refer to students. A popular service is the Research Paper Review. This service provides guidance and paper proofreading feedback for student submitted research papers.

The library also has a selection of Seminars on Demand for various courses that can be viewed at any time. In addition to course specific recorded seminars, there is one that goes through the process of writing a research paper. These recorded seminars can be found listed on Research Study Guides (LibGuides).
